

PARTNERSHIP PROGRAM IMPACT: 2015

ABOUT Global Partners in Care

Global Partners in Care, NHPCO's International affiliate organization, is the re-imagined, re-designed, and re-inspired organization that was formerly known as FHSSA.

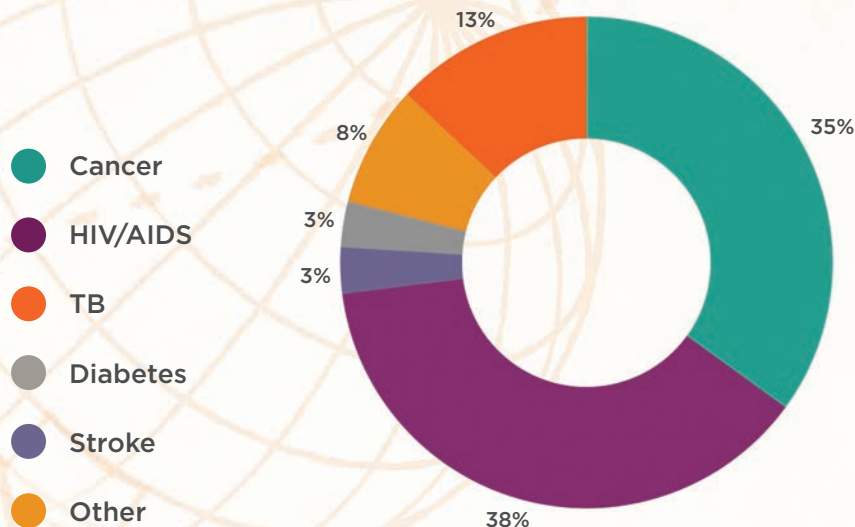

With a mission to build partnerships to enhance compassionate care globally, Global Partners in Care is continuing to build on the proven partnership model that has been successful through FHSSA.

Since 1999, Global Partners in Care has partnered U.S. organizations with international programs throughout Africa as well as India and Nepal. Since 2004, these partnerships have collectively sent over \$4.5 million to help develop hospice and palliative care programs worldwide.
